

PRO VER BIO

PROSECCO
TRULY
ORGANIC

Prosecco is enjoying huge popularity at the moment, but there are very varied quality levels and it is essential for this quintessential Italian fizz not to lose sight of quality and character.

Proverbio has been very carefully made in order to retain the natural characteristics of the wine.

In order to emphasise the respect we hold for nature, we named this product **Proverbio** (Italian for Proverb), incorporating 3 Italian words that are best able to describe this product:

PRO for Prosecco,

VER for Vero (Truly)

BIO for Biologico (Organic)

PROVERBIO | Prosecco spumante DOC Extra Dry

Proverbio has fine bubbles, with a classic Prosecco aromatic nose. The wine is very soft on the palate, offering refreshing acidity with lots of fruity flavours such as apple, apricot and some banana. This organic Prosecco, thanks to the use of vegetable proteins, is also suitable for Vegans. This is an enjoyable, everyday drinking wine, ideally served as an aperitif.
